Dear User:

This directory was prepared to provide the San Francisco community with a guide to its Unified School District.

All 112 schools are listed, as well as all programs and services offered by the District. In addition, various organizations cooperating with the public schools are noted. An extensive index is included.

Some shifting of personnel throughout the year is to be expected. Like any directory, this one is as up to date as possible.

Your suggestions and comments are always welcome so that changes and corrections may be incorporated in future editions.

Sincerely,

Ramon C. Cortines
Superintendent of Schools

FOREWORD

Dear User:

This directory was prepared to provide the San Francisco community with a guide to its Unified School District.

All 112 schools are listed, as well as all programs and services offered by the District. In addition, various organizations cooperating with the public schools are noted. An extensive index is included.

Some shifting of personnel throughout the year is to be expected. Like any directory, this one is as up to date as possible.

Your suggestions and comments are always welcome so that changes and corrections may be incorporated in future editions.

Sincerely,

Ramon C. Cortines
Superintendent of Schools

This Directory has five main sections:

1. Directory of District services
2. Schools and Children's Centers
3. Organizations
4. Index of names appearing in this book
5. Index of schools, offices and programs

In most office/program listings, the 2nd line indicates the office to which it reports, and the 3rd line the department it is part of.

Abbreviations used are:

HS = High School; MS = Middle School; ES = Elementary School; CC = Children's Centers; N = Nursery; SA = School-age; K = Kindergarten.

Any comments regarding this Directory should be directed to Cynthia Dawson, 135 Van Ness Avenue, Room 119.

The information in this Directory is in a computerized data base; anyone wanting a copy of the data base should contact Sam Dederian, 565-9706.

N O T E

This Directory was prepared for printing before the earthquake emergency forced movement of schools, offices and personnel.

The 170 Fell Street building is closed, and offices listed as being at that location have been relocated. However, mail may still be sent to the addresses listed and phone calls made to the numbers listed; our mailroom will deliver appropriately and the phone company is forwarding to any new numbers. In addition, for the other moves that have been made, mail and phone numbers will be handled in a similar manner.

Persons may also call 241-6000, the District's main information number, for help.

Please watch forthcoming issues of the Weekly Administrators' Directive (WAD) for future moves and phone numbers.

Thank you for your understanding and patience during this unusual time.

F O R E W O R D

Dear User:

This directory was prepared to provide the San Francisco community with a guide to its Unified School District.

All 112 schools and 39 Children's Centers are listed, as well as all programs and services offered by the District. In addition, various organizations cooperating with the public schools are noted. An extensive index is included.

Some shifting of personnel throughout the year, and telephone number changes, are to be expected. Like any directory, this one is as up to date as possible.

Your suggestions and comments are always welcome so that changes and corrections may be incorporated in future editions.

Sincerely,

Ramon C. Cortines

Superintendent of Schools

This Directory has five main sections:

1. Directory of District services
2. Schools and Children's Centers
3. Organizations
4. Index of names appearing in this book
5. Index of schools, offices and programs

In most office/program listings, the 2nd line indicates the office to which it reports, and the 3rd line the department it is part of.

Abbreviations used are:

HS = High School; MS = Middle School; ES = Elementary School; CC = Children's Centers; N = Nursery; SA = School-age; K = Kindergarten.

Any comments regarding this Directory should be directed to Cynthia Dawson, 135 Van Ness Avenue, Room 119.

The information in this Directory is in a computerized data base; anyone wanting a copy of the data base should contact Sam Dederian, 695-5597.

SUPERINTENDENT OF SCHOOLS

Ramon C. Cortines

F O R E W O R D

Dear Directory User:

This directory was prepared to provide the San Francisco community with a guide to its Unified School District.

All 110 schools and 36 Children's Centers are listed, as well as all programs and services offered by the District. In addition, various organizations cooperating with the public schools are noted. An extensive index is included.

Some shifting of personnel throughout the year, and telephone number changes, are to be expected. Like any directory, this one is as up to date as possible.

Your suggestions and comments are always welcome so that changes and corrections may be incorporated in future editions.

Sincerely,

Ramon L. Cortines

Superintendent of Schools

This Directory has five main sections:

1. Directory of District services
2. Schools and Children's Centers
3. Organizations
4. Index of names appearing in this book
5. Index of schools, offices and programs

In most office/program listings, the 2nd line indicates the office to which it reports, and the 3rd line the department it is part of.

Abbreviations used are:

HS = High School; MS = Middle School; ES = Elementary School; CC = Children's Centers; N = Nursery; SA = School-age; K = Kindergarten.

Any comments regarding this Directory, **and any corrections/deletions during the year**, should be directed to Cynthia Dawson, 135 Van Ness Avenue, Room 119.

The information in this Directory is in a computerized data base; anyone wanting a copy of the data base should contact Sam Dederian, 564-1074.
